

WOODFUEL SUPPLY CONTACTS: Scotland

This is a list of the contact details of companies who have indicated that they are currently supplying woodfuel or are developing a woodfuel supply. It shows the type of product supplied and any other specifications as supplied by the companies, e.g. moisture content, delivery arrangements etc (but not advertising). The list is published on the [woodENERGY](http://www.usewoodfuel.co.uk) website, www.usewoodfuel.co.uk, or can be requested from the Woodfuel Project Team. The data it contains may also be used in other forms of information or publicity for the Woodfuel Project.

In its published form the list carries this disclaimer for the protection of your potential clients:

“Inclusion on this list does not imply endorsement by [woodENERGY](http://www.usewoodfuel.co.uk) of the organisation or of product quality. It is your responsibility to ensure that the wood chip or wood pellets provided meet the specification of your heating system and that your supplier can provide a reliable woodfuel supply at a competitive price. Each boiler has a specification for the type of chip or pellets it can use and you should check with the equipment supplier/installer that the woodfuel available is suitable. We recommend that you contact your potential supplier at an early stage in project development to ensure they are able to provide the fuel you need.”

Elsewhere on the [woodENERGY](http://www.usewoodfuel.co.uk) website is a wide range of information and facts, plus links to other useful sites, that will advise and support potential woodfuel users.

For your company to be included on this list, please print off a copy of the form below, and send it completed and signed, to the address at the foot of the next page.

Please note that by doing so you are agreeing to the conditions stated on the next page under the heading ‘The Data Protection Act’.

Finally, if your circumstances change please let me know and your details will be amended so the List of Woodfuel Contacts remains reliable.

Thank you.

To be included in the Woodfuel Supply Contacts: Scotland list, please use this form.

Contact details	Name: Company: Address: Tel: Fax: Email: Website:			
Locality:				
Please tick which products you supply:	Logs	Chips	Pellets	
Please add any further detail:				

The Data Protection Act

The Forestry Commission is a data controller under the Data Protection Act.

We will use the information you provide to inform members of the public and organisations on availability of woodfuel. The data collected on this form would be kept on a database and would be made available, in various formats such as flyers, publications and on our website. If this is acceptable, please sign the declaration below:

Declaration

I give consent to the use and distribution of my personal data obtained on this form as necessary for the purpose of providing information to the public on woodfuel supply.

Signed _____ Date _____

Please send the completed form to:
